

Finlandia Foundation® National

Finland 100 Celebration Chapter Grants

We are happy that your chapter is planning a Finland 100 event for 2017! In keeping with Finland's centennial theme of "TOGETHER," FFN would like to work together with you by offering up to \$1,000 per chapter to help support your Finland 100 celebrations. Our goal is for each chapter host at least one Finland 100 event, of whatever type you feel is appropriate for your members and community, in the calendar year 2017.

You may decide to request one grant for one event, or smaller amounts to support multiple events, up to a maximum funding of \$1,000 per chapter. This request form and a follow-up report are required for each event/grant request. We also request that you include the FFN logo (provided) and/or mention of FFN as a sponsor on any materials related to the event. There is no deadline for application; funds will be available to chapters throughout 2017.

To receive this funding from FFN, you must submit the following information to Maria Kizirian at the FFN office. Funds will be released to the FFN chapter after the event has occurred and you submit the follow-up report (attached).

These funds are available only to FFN chapters specifically for Finland 100 events in 2017. Thank you for your interest in this program of Finlandia Foundation National.
